PROFILE

Computer Science student with practical experience in scalable web applications, Java development, API integration, and real-time databases. Currently interning at Accenture, building responsive, event-driven systems with exposure to secure coding, site reliability, and incident management.

TECHNICAL SKILLS

Languages: Java, C, Python, HTML, CSS, JavaScript

Web: REST APIs, Responsive Frontend Design

Databases: MySQL

Tools/OS: Linux/Ubuntu, Git

Practices: TDD, SRE Basics, Secure SDLC, Real-time Data Integration

PROJECTS

Real-World Web Solutions - Accenture Internship

- Built mobile-responsive web apps with API and CouchDB connectivity to classify calls in real-time.
- Delivered event-driven applications showcased at TM Forum Quality of Trust.

Employee Management System

- Developed a web-based attendance and record management system using Java, HTML, CSS, and JavaScript.

INTERSHIPS

Application Development Associate Intern - Accenture | May 2025 - Present

- Developed real-time, API-integrated web solutions with mobile compatibility and CouchDB connectivity.

Front-End Page Design Intern - Central Coalfields Limited (CCL) | June 2024 - July 2024

- Designed dashboards for tracking student and employee counts using Java and CSS.

Project Coordinator Intern - PRATIGYA (NGO) | July 2023 - August 2023

- Documented processes and coordinated public events, gaining communication and organizational skills.

EDUCATION

C.V. Raman Global University, Bhubaneswar

B.Tech in Computer Science and Engineering | 2022 - 2026

Oxford Public School, Ranchi

Class XII, CBSE | 2022

CERTIFICATIONS

CISSP 2025 – Securing the SDLC (Accenture)

Ethical Hacking: Hacking Concepts – Accenture, 2025

Cybersecurity: Defining Cryptography – Accenture, 2025

Google UX Design – Coursera

Software Design & SDLC Phases – Accenture, 2025
